Hazardous Waste Notification-8th Floor
811 S. W. 6th Avenue
Portland, OR 97204

Attention: Debi Sturdevant

Dear Ms. Sturdevant:

Enclosed is a new filing to change our generator status from a Small Quantity Generator to a Conditionally Exempt Generator.

I have also enclosed all manifests from Safety-Kleen Corporation for the period from November 1988 to November 1989. This discloses that we have at no time generated 220 lbs. of waste during any one month, and at present, our waste only totals to approximately 1,500 lbs. per year.

We have been billed on your invoice #HW90GEN-0601, dated 10-30-89, in the amount of \$230.00. This is the minimum fee for a Small Quantity Generator. We would like to be credited this amount, as we do not generate enough waste at the present time to be classified as a SQG.

If you require any additional forms or documents to complete this filing, please contact me as soon as possible.

Sincerely,

WESTERN MACHINE WORKS, INC.
